

Section Title: Finance, Assessments and Administration - Accounting and Finance
Subject: Transfer of Assessment Rates and Claim Costs Experience on Change of Ownership
Effective Date: January 1, 2023

A. POLICY PURPOSE

The purpose of this policy is to establish criteria for when an employer's assessment rates and Claim Costs Experience will follow the business on a change in ownership and be used to determine assessment rates for the new employer. It is important to distinguish between when a business ceases to operate and when all or part of a business continues in substantially the same form under new ownership because the WCB sets assessment rates based, in part, on an employer's Claim Costs Experience.

Appendix A to this policy is a glossary of commonly used terms.

B. POLICY

This policy applies only to Class E Employers.

As a general principle, when a business changes ownership, but continues to operate in substantially the same form, the WCB will transfer the assessment rates and Claim Costs Experience from the old employer to the new employer. Doing so ensures that assessment rates for the new employer reflect the Claim Costs Experience of the ongoing business. The assessment rates and the Claim Costs Experience will be used to determine current and future assessment rates. The assessment rates and Claim Costs Experience will be transferred to the successor employer(s) when the change in ownership occurs through:

- the sale of shares of an incorporated business; **or**,
- the sale of a substantial portion of the assets of an incorporated or unincorporated business, **and** the business continues to operate in substantially the same form; **or**,
- the appointment of a trustee, receiver, liquidator, executor or administrator who carries on all or part of the business: **or**
- the sale of shares or a substantial portion of the assets of a multi-class or associated employer, **and** the business continues to operate in substantially the same form.

When a change in ownership does not represent a continuation of the same business, or the business ceases to operate through a change in ownership, the ongoing Claim Costs Experience will be shared among Class E employers.

A change in the legal status of an employer, such as the incorporation of a proprietorship or partnership or a corporate reorganization, will not be considered to be a change in ownership for purposes of this policy. The assessment rates and Claim Costs Experience of the predecessor entity(ies) will remain with the new legal entity.

Appendix A - Glossary of Terms

Class E Employers: Those employers who pay for the costs of the workers compensation system based on their payroll and Claim Costs Experience. These employers are subject to the collective liability provisions of the *Act*.

Claim Costs Experience: For the applicable Experience Period, the employer's Claim Costs Experience includes:

- Claim costs assigned to the individual employer;
- Proxy costs which may be assigned as a result of an accepted fatality claim; and
- Claim costs which are transferred to the employer under policies 31.05.10, *Cost Relief/Cost Transfer - Class E Employers*, 31.05.15, *Cost Transfer - Individually Assessed Employers*, and 31.05.20, *Transfer of Assessment Rates and Claim Costs Experience on Change of Ownership*, or the *Interjurisdictional Agreement on Workers' Compensation (IJA)*.

Costs Excluded from Rate Setting: The Costs Excluded from Rate Setting for an employer are as follows:

- the costs incurred for claims with accident years outside the experience period;
- the costs transferred to Interim Administrative Accounts for interjurisdictional claims, and claims involving a third party or a work-related motor vehicle accident;
- ineligible (disallowed) claims;
- translation or interpretation services;
- courier or mail delivery expenses;
- compliance investigative (surveillance) costs;
- WCB medical advisor fees;
- group life insurance benefits;
- medical review panel expenses;
- external legal counsel fees or expenses;
- payment for full wages and benefits paid for the day of the accident or the repayment of unauthorized deductions or contributions; and
- claim costs relieved or transferred as provided for in policies 31.05.10, *Cost Relief/Cost Transfer - Class E Employers*, 35.40.50, *Overpayment of Benefits*, and 44.20.50.20, *Noise-Induced Hearing Loss*, or the *Interjurisdictional Agreement on Workers' Compensation (IJA)*.

Experience Period: The time period and claim accident years the WCB uses to determine Rate-Setting Claim Costs. Since 2020, the Experience Period has been a rolling, three-year period commencing four years before the current year and ending two years before the current year. For example, to calculate an employer's assessment rate for 2024, the WCB would include claim costs for all worker injury claims made in 2020, 2021, and 2022 where the employer was the Accident Employer.

Rate-Setting Claim Costs: The Claim Costs Experience for claims in the Experience Period less the Costs Excluded from Rate Setting.
