Frequently Asked Questions

1 Why am I being called in for an examination?

You are being examined to ensure that our adjudication and case management staff have the information they need to manage your claim.

2 What will happen during the examination?

The examination is similar to what normally takes place in your doctor's office. The examination includes a review of the details of your injury, an interview and a routine physical examination to assess your workplace injury. When the purpose of the assessment is for psychological issues, the physical exam is not required.

A copy of the final examination report is also sent to your chosen healthcare professional to assist him/her in your recovery. Your adjudicator/case manager can discuss the examination in detail with you afterwards.

If you would feel more comfortable being accompanied by someone during your examination, you may bring them into the exam room with you.

3 What if I can't make it on the date or time suggested in the letter?

If there is a problem with the date or time, inform your adjudicator/case manager as soon as possible.

4 I am not that comfortable speaking in English. Do you provide translation?

Yes, we can arrange to have an interpreter present at the examination. If you would like us to make the arrangements, call the appointment desk at 204-954-4601 or 1-855-954-4321 ext. 4601.

5 I have to miss work to attend the examination. Will I be compensated?

You may be eligible for compensation if you have to take time from your job to attend your examination. Please inform staff at the appointment desk of this when you arrive, and you will be given a form to sign.

6 I still have some questions. Who do I speak to?

If you have any questions about the examination or your claim, speak to your adjudicator/case manager.
